DEDICATION

This year the Las Olas Yearbook is dedicated to a very special person. This person has been a key factor in Half Moon Bay High School's educational process for 20 years. Not only is he a great Spanish teacher, but a sensitive and caring person who has made our four years here even more special.

With these thoughts we would like to dedicate the 1986-1987 yearbook to Mr. Bob Fernandez.

Here on these pages the tidal wave is captured. The building current begins on our first day of high school as a freshman, and it doesn't stop until we are handed our diplomas on an excitement filled June evening. Then the wave comes crashing, bringing memories of good times, of friends, football games, and laughter.

Here in our yearbook we can return to our own personal tidal wave, remembering when high school was so new and exciting. The tide swells and we ride up the crest of the wave, learning more about life, love, and friendship all along the way.

The four-year tidal wave we call high school comes and goes so quickly that we often wonder where all the time has gone. The tidal wave begins to form without our knowledge of its presence while we are freshmen. We begin to get caught up in its pull and find ourselves being swept into an overwhelming amount of activity. Before we know it, we are sophomores. We are more involved in the formation of the wave and are excited to be a part of its climb upward to its peak. As juniors, we are well aware of the power and force this tidal wave may have in our lives. We begin to realize that it will inevitably crash and throw us to the shore and that we will need to plan for our futures.

WE'RE THE CLASS OF...

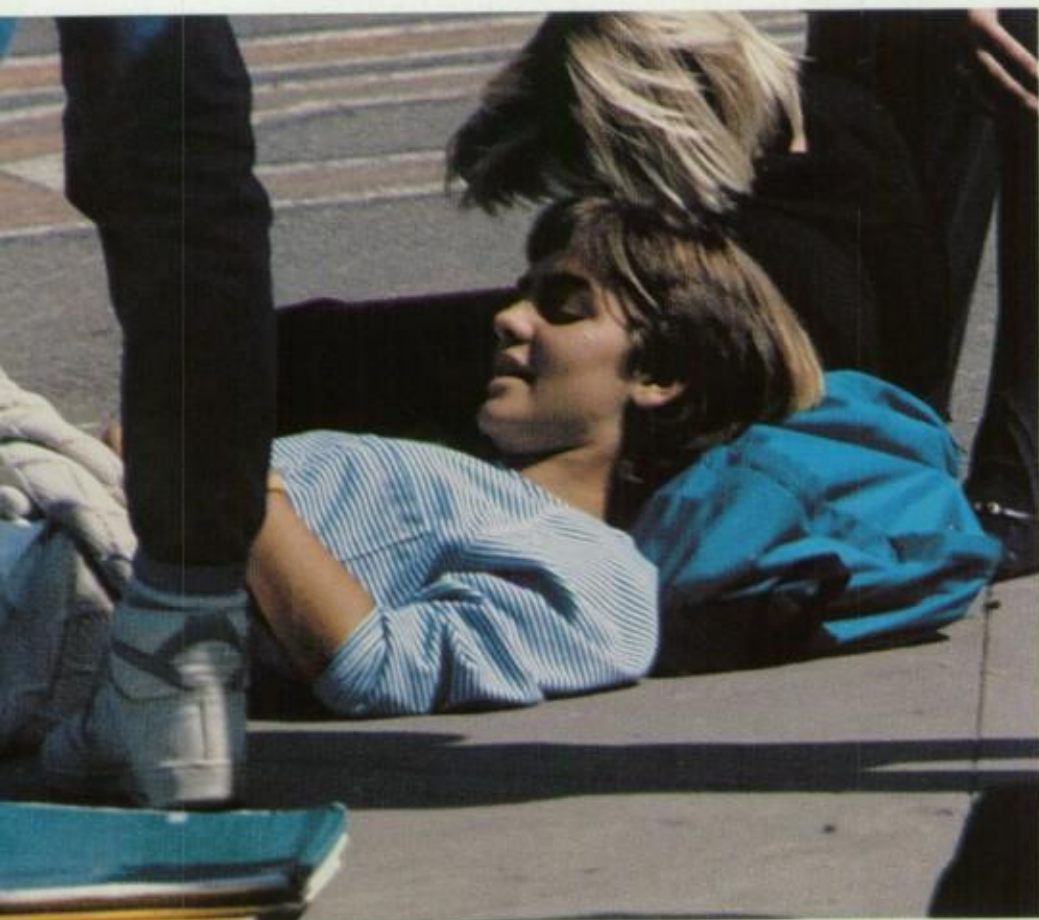

Our senior year is a feeling of riding on the top of the wave, all the while looking down at the world and knowing that our journey is near its completion. Finally, the wave crashes and it is over. Never will it come back again. Many of us will be sorry that we can't do it all over again, while all of us will anticipate our new lives on the shore with great expectations and hope.

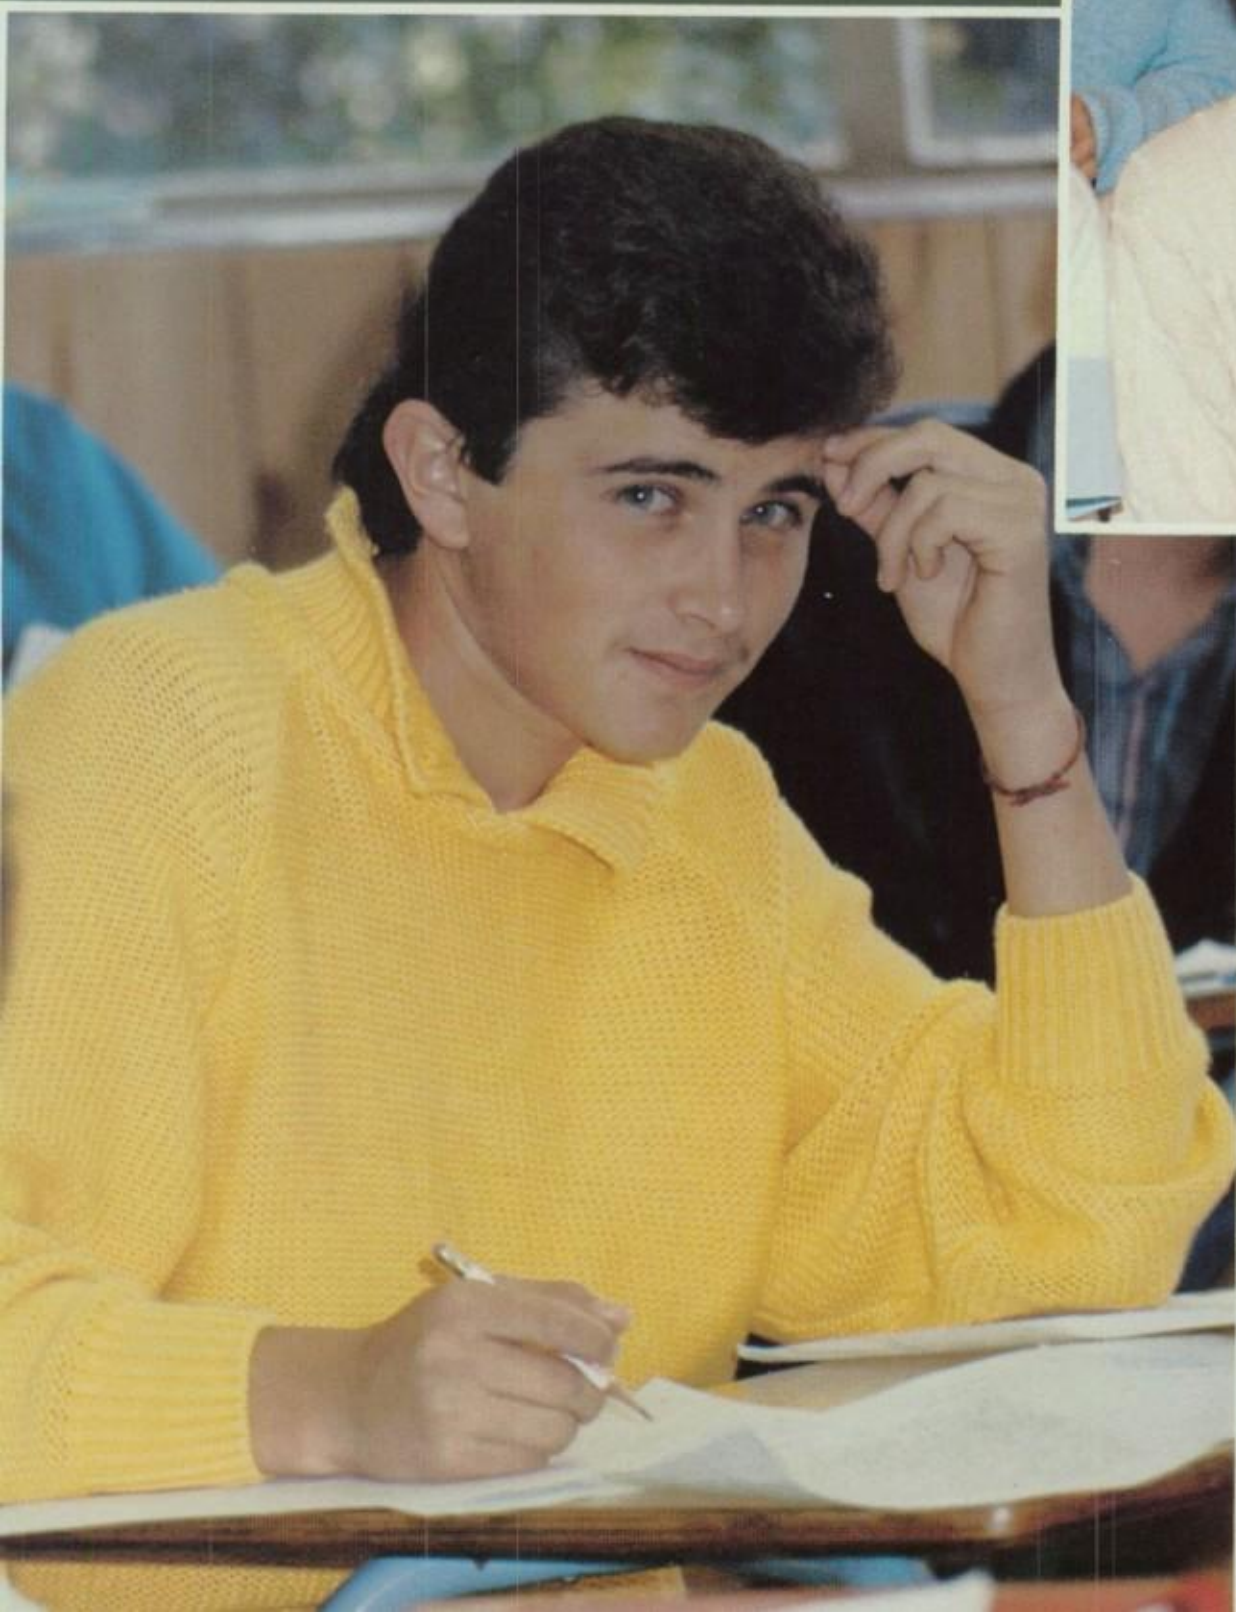

The wave is a phenomenon of mystery. The Tidal Wave is surprising and unbelievably fast. It sneaks up on us when we're not looking, and before we realize what is happening . . . it's gone.

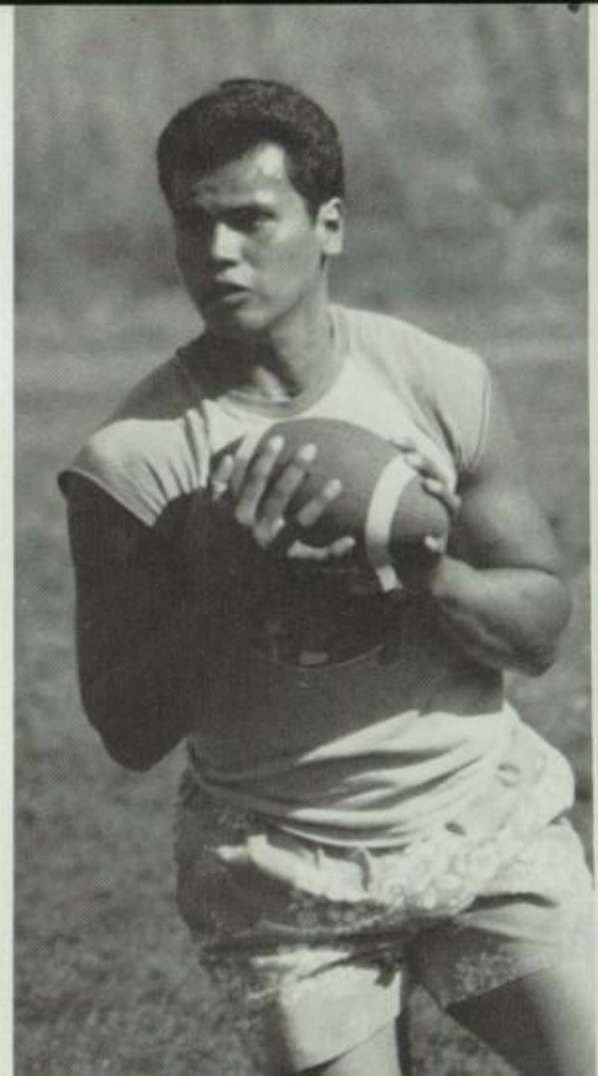

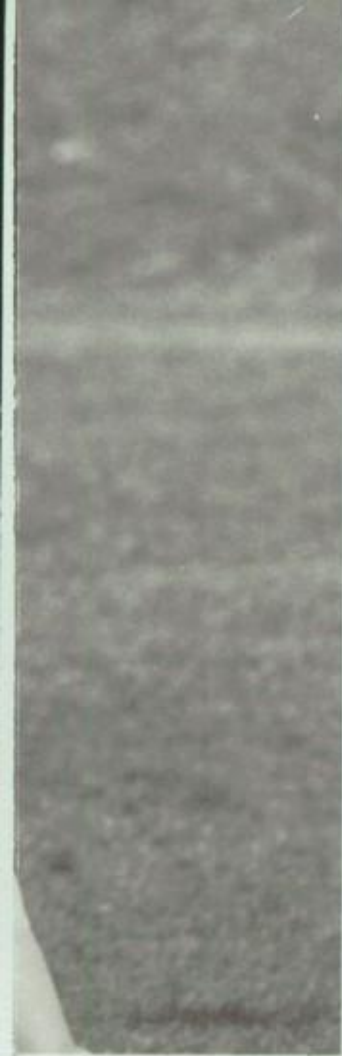

High school is a wave. Wave "goodbye" to some old friends and "hello" to some new ones. We check the waves at El Granada whether we surf or not. We "catch the wave" and drink Coke like Max Headroom tells us. Most of us are caught up in the wave, but some miss it and sit there wondering what happened.

What would you really like to do over summer? Why?

- Mrs. Wasmann: *I would like to go on a photographic safari in Africa. I would love to see wild animals in their natural environment. What a terrific adventure.*
- Mr. Church: *On a sailboat anywhere in the Caribbean Ocean.*
- Mr. McNevin: *I could really handle living in Ireland every summer. I would play golf 3 or 4 times a week, travel the countryside, and just get caught up in the whole Irish culture. The Irish people are the friendliest people in the world.*
- Mrs. Ballard: *I would go to England and study at Oxford or Cambridge. I would like to have extended time in another country. I would also like to go pub-hopping in London. Pub food is terrific.*
- Mr. Bregy: *A small German town in the middle of the Rhine Valley.*
- Mr. Weidman: *I would tour all around Europe.*
- Mr. Shoemaker: *I would like to play tennis six days a week with B.K. and the gang.*
- Mr. Milligan: *Sail a 35 foot sloop in the Med. No mail, no phones, no teachers or students; just the wind, the water, friends and family.*
- Mr. Fernandez: *Travel and relax in Spain.*
- Mr. Wheeler: *Many places, Switzerland, to see the chalets and the Alps. Columbia or Venezuela to see the jungles and learn about Lathis. Cape Cod to see an orange and yellow new England autumn.*
- Mr. Haugen: *I'd like to spend the summer doing serious research for my future book, Perfect Swimming Holes of California. I'd just take the wife and kids and work hard on this all summer.*

If you were to have any occupation besides teaching; what would it be? Why?
 Mrs. Raddatz- Journalist. I edited my college newspaper and was offered a professional reporters job in Baltimore. I always wonder if I would have enjoyed a job in a newspaper.
 Mr. Church- I would own a cabinet making shop.

Mrs. Wasmann- I really enjoy interior decorating. I like choosing fabric and wallpaper, shopping for furnishings, and I even enjoy painting and wallpapering. I think that career would give a person a chance to be very creative. Since I also love drawing and watercolor, I have always thought about being a commercial artist as well.

Mina Pratt- I really love to teach art and to practice art and I can't imagine ever being without this, however earlier I did consider science as a career and at one time I loved to write. Probably scientific research may have surfaced. I still think art would have had a big part in this also; is really hard work but satisfying.

Joe Cattarin

Our Cafeteria Staff

Mr. Peligrino- Do missionary work for the Mary Knon Catholic organization. The division of social and educational inopportunities is great among peoples of the world. I would like to "touch" some of them to narrow the gap even though the contribution would be small and difficult.

Mrs. Evans- You know, I'm glad you asked this question because it really made me think. Realistically, I'd say caring for my family. Now if I just dream I'd say:

Banquet coordinator for the White House, Nannie for European royalty. Choerographer for San Francisco Musicals. Ski instructor at Mammoth Lakes. Food photographer for Gourmet Magazine. Fashion designer for Ives St. Laurent. Costume designer for Steven' Spielberg, and on the weekends I'd be professional student majoring in otany, oceanography, art and home economics and tutor students in how to kackle like a witch.

If you were to have any occupation besides teaching; what would it be? Why?

Mr. McNevin - Professional Golfer- Great living conditions, good money, and the travel is excellent. It's a great sport because you and you alone are in complete control of your destiny.

Mrs. Ballard- I've always been interested in theater and medicine, although I don't think I'd be truly comfortable in either field.

Mr. Bregy- Choose an occupation for money rather than enjoyment.

Mr. Weidman- I would be a guide in Europe.

Mr. Shoemaker- I would like to return to my "other" work, from Air force days and be a medical corpsman. OR I have always loved weather and would have enjoyed being a meteorologist for this area.

Mr. Milligan- A researcher for a Travel Guide with enough income so I could "work" when and where I desired.

Mr. Wheeler- Free-lance writer. I'd interview people, write fiction and non-fiction for children and adults, and have my own schedule. But it is a tough road.

Mr. Fernandez- A chef- I like to cook and love to eat.

Mr. Haugen- I've been a civil engineer, a Young Life Director, and a software engineer. Maybe I'd do one of those things again or maybe I'd build cabins in the mountains.

Mrs. Fletcher- If I weren't a teacher, I would like to be a counselor because I like helping people.

Mrs. McBride- I would like to be a member of a musical group, classical of course, that performs in schools, hospitals, theatres, etc.

Mrs. Fulton- I would like to work for Michelin Guide Books and Travel all over the world, rating hotels and restaurants, on an expense account.

What would you really like to do over your summer? Why?
Mrs. McBride- I would like to travel throughout this country and overseas visiting old friends, attending musical productions, operas and theatre productions.
Mrs. Raddatz- Travel- I'd like to live in Europe for several months to really get to know the area- probably in Italy or France.
Mr. Peligrino- Criss-cross Spain from all corners. Live and breathe Spanish, including food, customs, traditions. I'd do a little "missionary" work in the Pueblitos.
Mrs. Fletcher- This summer I'd like to run the last two-thirds of the Colorado River Rapids. After being afraid for twelve years, I got up enough courage to run the first one-third of the river last summer. It was fun.

Mina Pratt- I really enjoy travel to foreign countries. I find people throughout the world having basically the same feelings and the same yearnings, but their customs and history can be so completely opposite. We all need to communicate earlier and more often. I think many problems in the world would reach an earlier resolution if young people could try this. Having people as guests during the summer from other lands is gratifying and exciting.
Mrs. Evans- Have Hawaiian weather here in Half Moon Bay so I could go to the beach with my children and REALLY swim. I would like to be able to snorkle around here without getting cramps the second your big toe touches the water.

Introducing the Class of 1990, now ending our freshman year, what an experience!

This is the year that we begin not knowing who we are, questioning our abilities and acceptance, and being introduced to a whole new scene.

We came in strong and never let up. Are we fun loving? Yes! We do love to have fun but we also know when to get serious.

Traditionally we come in last in homecoming, but we did not let it depress our spirits. We just continued having fun.

From the start we were extremely spirited and will continue cheering the Cougars on for the next three years.

"The rainbow is more beautiful than the pot at the end of it; because the rainbow is now. And the pot never turns out to be quite what expected -"

Q. What did you think of the High School before you started school here?

A. -It was a rowdy place separated by strict cliques.

-I didn't.

-I couldn't wait.

-That it would be fun.

-Not a whole lot because I heard a lot of rumors.

-There was going to be more freedom.

-That it was going to be great. Big buffed jocks pouring out of the woodwork, lots of friendly faces, and open campus.

-This must be a trick question.

Cougar JUNIOR CLASS OFFICERS *Cougar*

President, Arthur Frank Secretary, Stacy Pifer Vice President, Heidi Ballard

What is it to be a junior?

Is it when you start to ponder all of the aspects of college and your future?

Is it when you hit "the wall" of your academic life?

Is it when you are fortunate enough to experience the awe-inspiring web of historical tales spun by Mr. Cattarin? or when you are fortunate enough to have Mr. Bregy, who tells some pretty good stories in his down-to-earth manner?

Or maybe it's when you can laugh at the armadillos and henways of Mr. Connors?

But is that all?

I think not.

As juniors, we have found a new sense of Cougar spirit coursing through our veins.

We work harder.

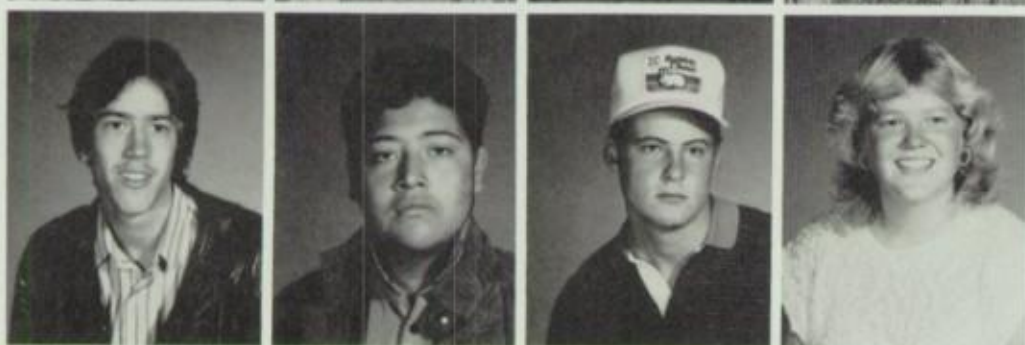

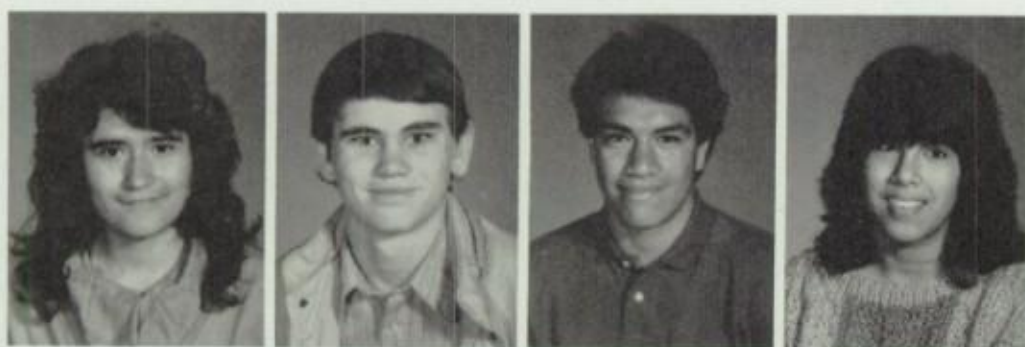

We reach higher.

We give it our all.

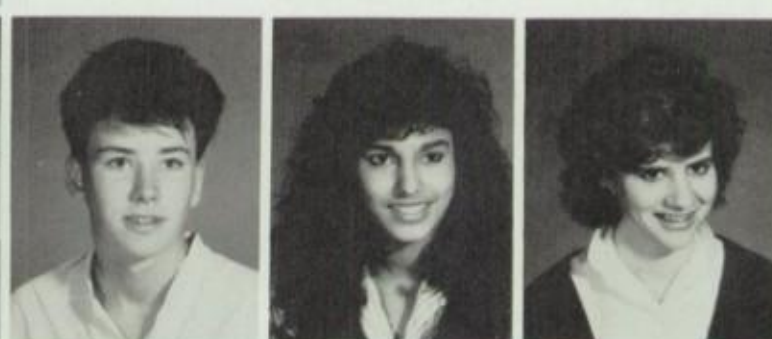

It is this Cougar spirit that pulled us together, making us function as one. And this unity led us to the first Junior Homecoming victory in over ten years.

And to think, this is the last rung on our ladder to the top...

JUNIORS

The Class of '88 is in a class by itself. It has proven through the years that it's special. Ever since Cunha, people have noticed that this class is unique, it stands out for some reason. What makes a class shine, you ask? For us, there's one reason. Each and every person contributes to the clockwork of this class. Each person actually does his part to help benefit the whole class. Each person, even if he isn't popular, or smart, or athletic, though we've plenty of those, has a talent or characteristic to add, to make a whole class. A class with spirit; real spirit. A class with pride that echos through the Cougar domain and beyond. A class with people who all will be, or are, very successful in life. A class called: The Class Of '88

CLASS OF 1987

BECKY AGIUS
Senior Class Vice-President

JULIE HAIL
Senior Class President

ERIC ACOSTA
Senior Class Secretary

The Senior Class of 1987 has proven to be a unified and spirited group. We have shared many warm memories and have formed friendships that will continue to keep us together in our hearts no matter where our lives may take us. In the course of the past four years we have matured and grown with each other. As freshmen, we stuck together and started to choose how we wanted to approach high school. Some of us decided to get involved right away with clubs and sports while others found different means of entertainment. We did a good job in Homecoming, considering we spelled "Freshmen" wrong on our poster.

As sophomores, things really started to happen. We finally learned to drive and celebrated our "sweet sixteenth" birthdays. We were making new friends and finally catching on to life at the high school. We gained recognition as a talented and creative group with our skit "A Day at the Beach with the Brady Bunch". Of course, that had nothing to do with the "roaring 20's" but we had fun.

Our junior year was when our class really pulled together. Homecoming was definitely a high point, especially since our Family Feud game took first place in the skit along with quite a few other victories. We went to the prom and to the Junior-Senior banquet with all the lasagna and spaghetti.

All of the sudden our senior year was here. Although it seemed to drag by at times, we will look back and see that it actually went by too fast. The Class of 1987 is a diverse group with many different personalities, but we all pulled together for our last Homecoming with the pride and sportsmanship that only our class could have.

The future has suddenly become the present for our class. Some of us will stay together, but no matter where we go, our thoughts of Half Moon Bay High School will be filled with happy memories of good times and good friends. Good luck and best wishes to the graduating class of 1987!!!

THIS IS THE TIME

We walked on the beach beside that old hotel
They're tearing it down now
But it's just as well.
I haven't shown you everything a man can do
So stay with me baby
I've got plans for you.

This is the time to remember
Cause it will not last forever.
These are the days
To hold on to
Cause we won't
Although we'll want to.

This is the time
But time is gonna change
You've given me the best of you
And now I need the rest of you.

Did you know that before you came into my life
It was some kind of miracle that I survived.
Some day we will both look back
And have to laugh
We lived through a lifetime
And the aftermath.

This is the time to remember
Cause it will not last forever.
These are the days
To hold on to
Cause we won't
Although we want to.

This is the time
But time is gonna change
I know we've got to move somehow
But I don't want to lose you now.

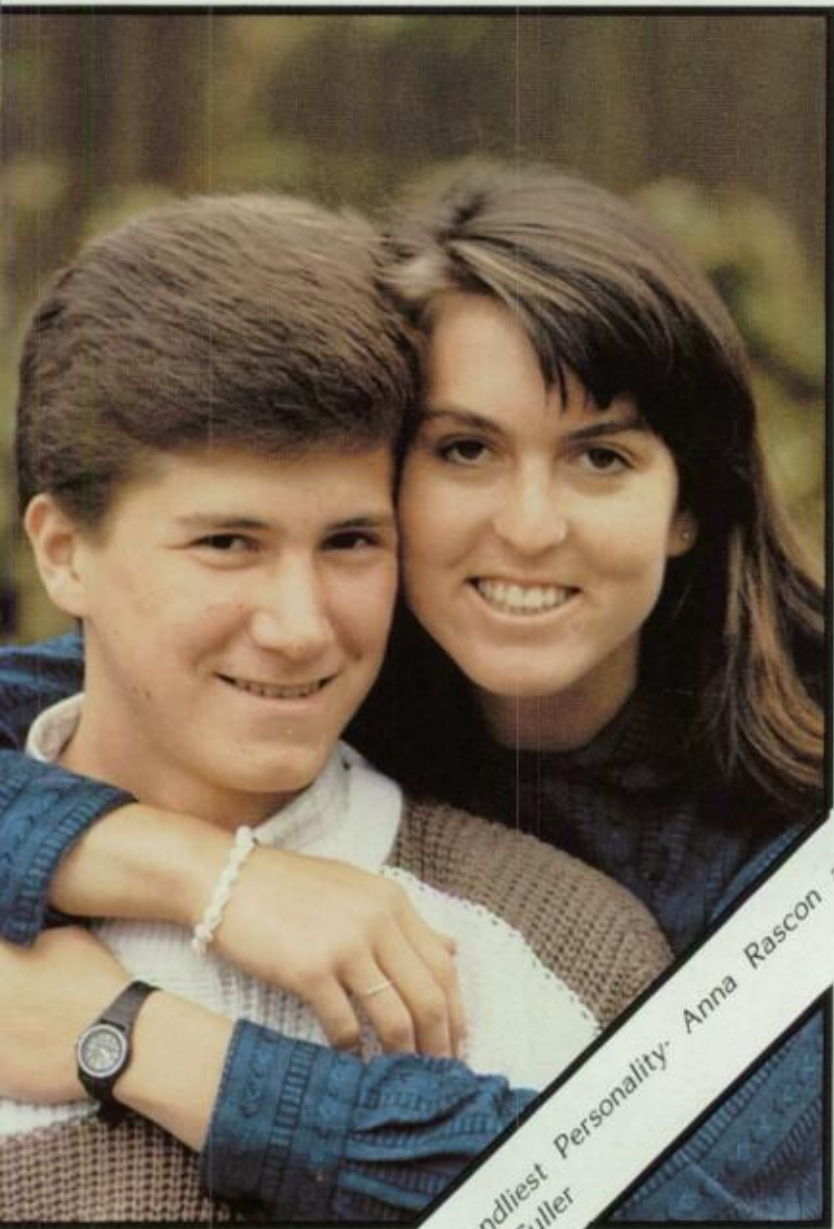

Sometimes it's so easy
To let a day
Slip on by
Without even seeing each other at all.
But this is the time you'll turn back to and so will I
And those will be days you can never recall.

And so we embrace again
Behind the dunes.
This beach is so cold
On winter afternoons.
But holding you close is like holding the summer sun
I'm warm from the memory of days to come.

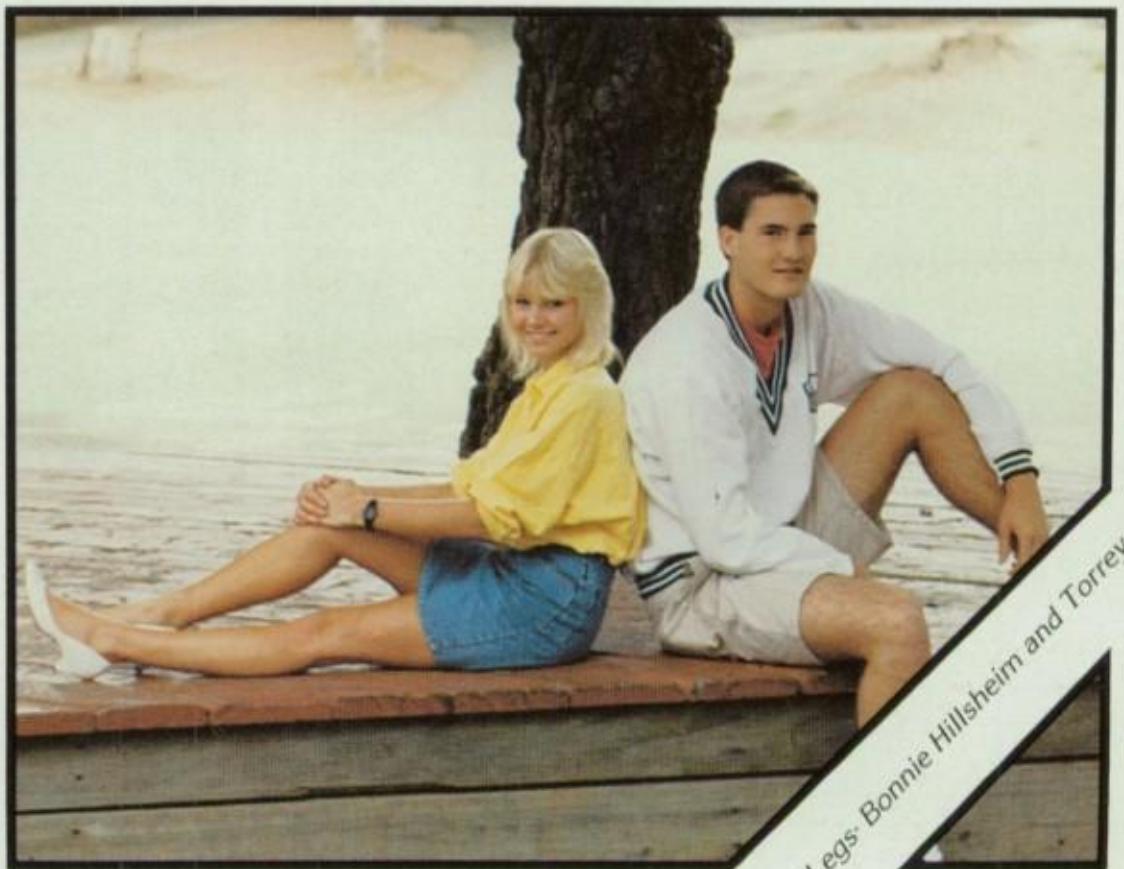

This is the time to remember
Cause it will not last forever.
These are the days
To hold on to
Cause we won't
Although we'll want to.
This is the time
But time is gonna change.
You've given me the best of you
But now I need the rest of you.

HOMECOMING '87

"THE AGE OF AQUARIUM-A NAUTICAL ADVENTURE"

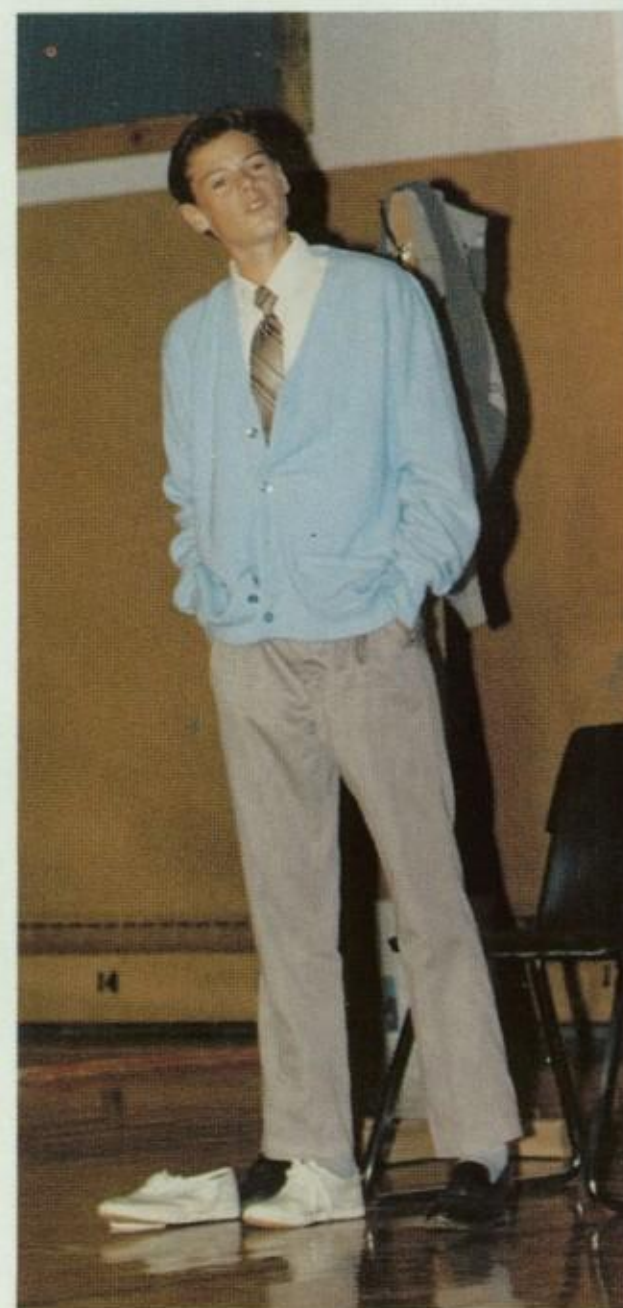

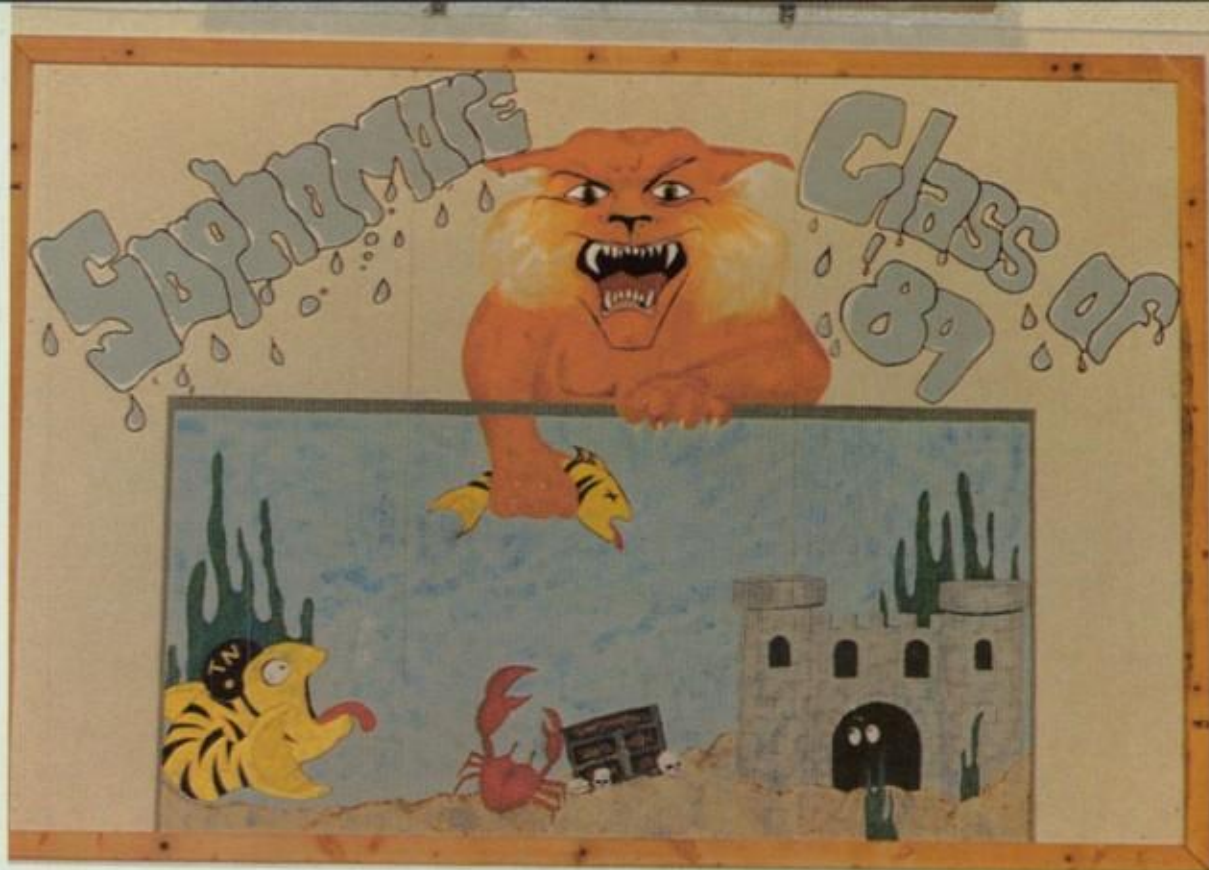

The Freshman class was an enthusiastic group that contributed their share of Cougar Spirit during Homecoming. Everyone was impressed by their mermaid and pirate-so impressed that they took third place over the Sophomores! They also made Cougar Hill a more beautiful place by painting paws leading to the football field, which also earned them the third place position. Congratulations on a job well done, freshmen!

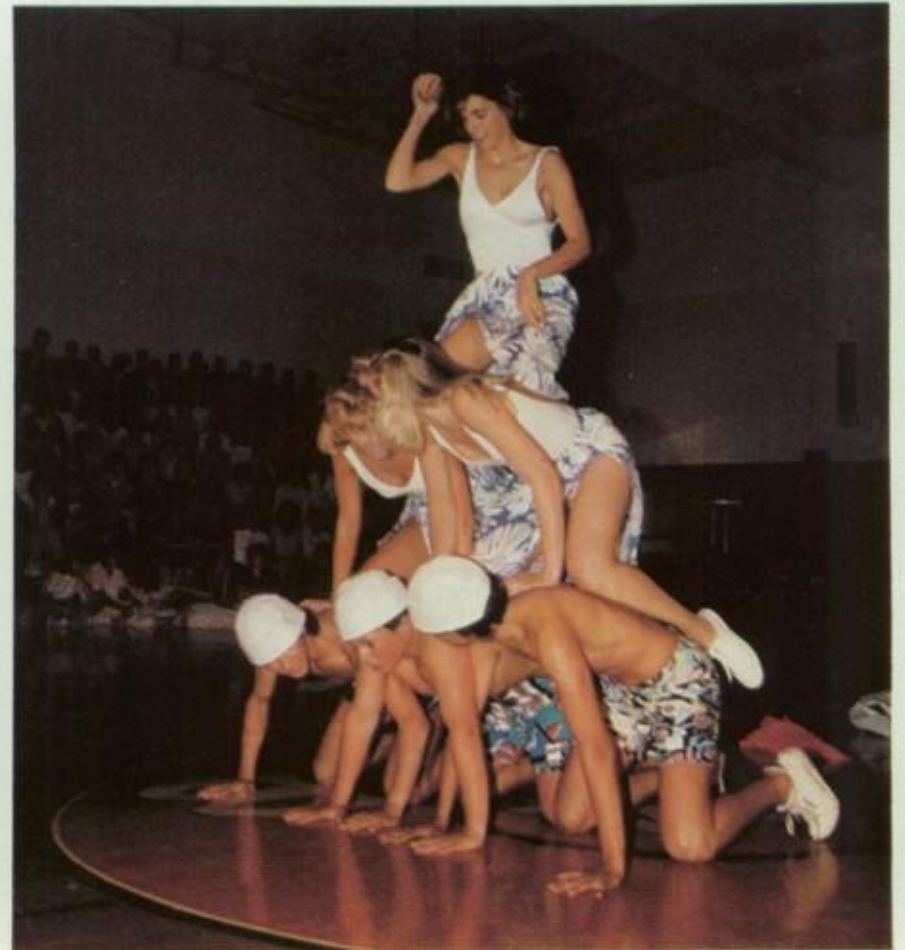

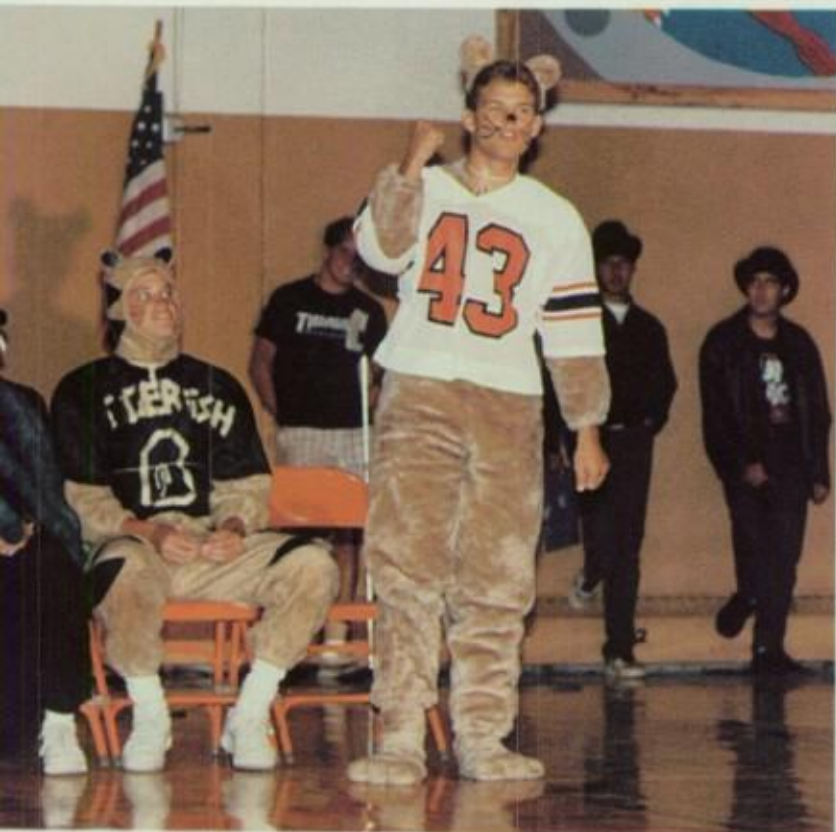

The Sophomores were incredibly spirited and put on an excellent show during Homecoming. Placing first in both the dance contest and the outdoor relay, they displayed their share of talent. And what would we do without the orange circles around the doorways in C and D buildings? Thanks, Sophomores, for your enthusiasm and good attitude!!

The Junior class showed an overwhelming amount of talent and organization. With 20 people every day for class clean-up, they displayed the spirit of the entire class. Another show of class spirit was the Spirit Yell on Friday. The Juniors took a proud second for painting the scoreboard, and for their intricate poster. The first place skit, "The Underwater Dating Game", was a real triumph for the Juniors. The beautiful couple of mermaid and pirate also took first. All together, a tradition was broken and the Juniors won Homecoming. Congratulations to the Class of 1988!

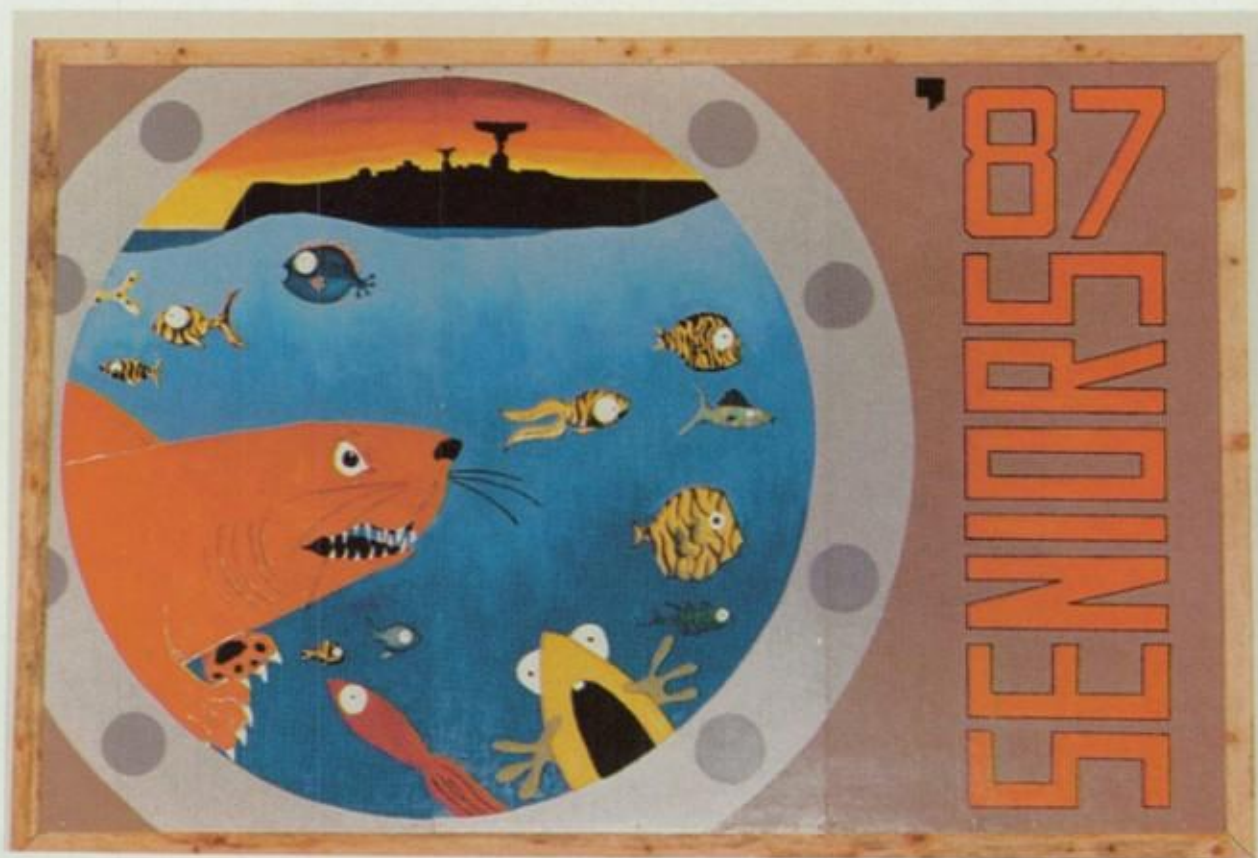

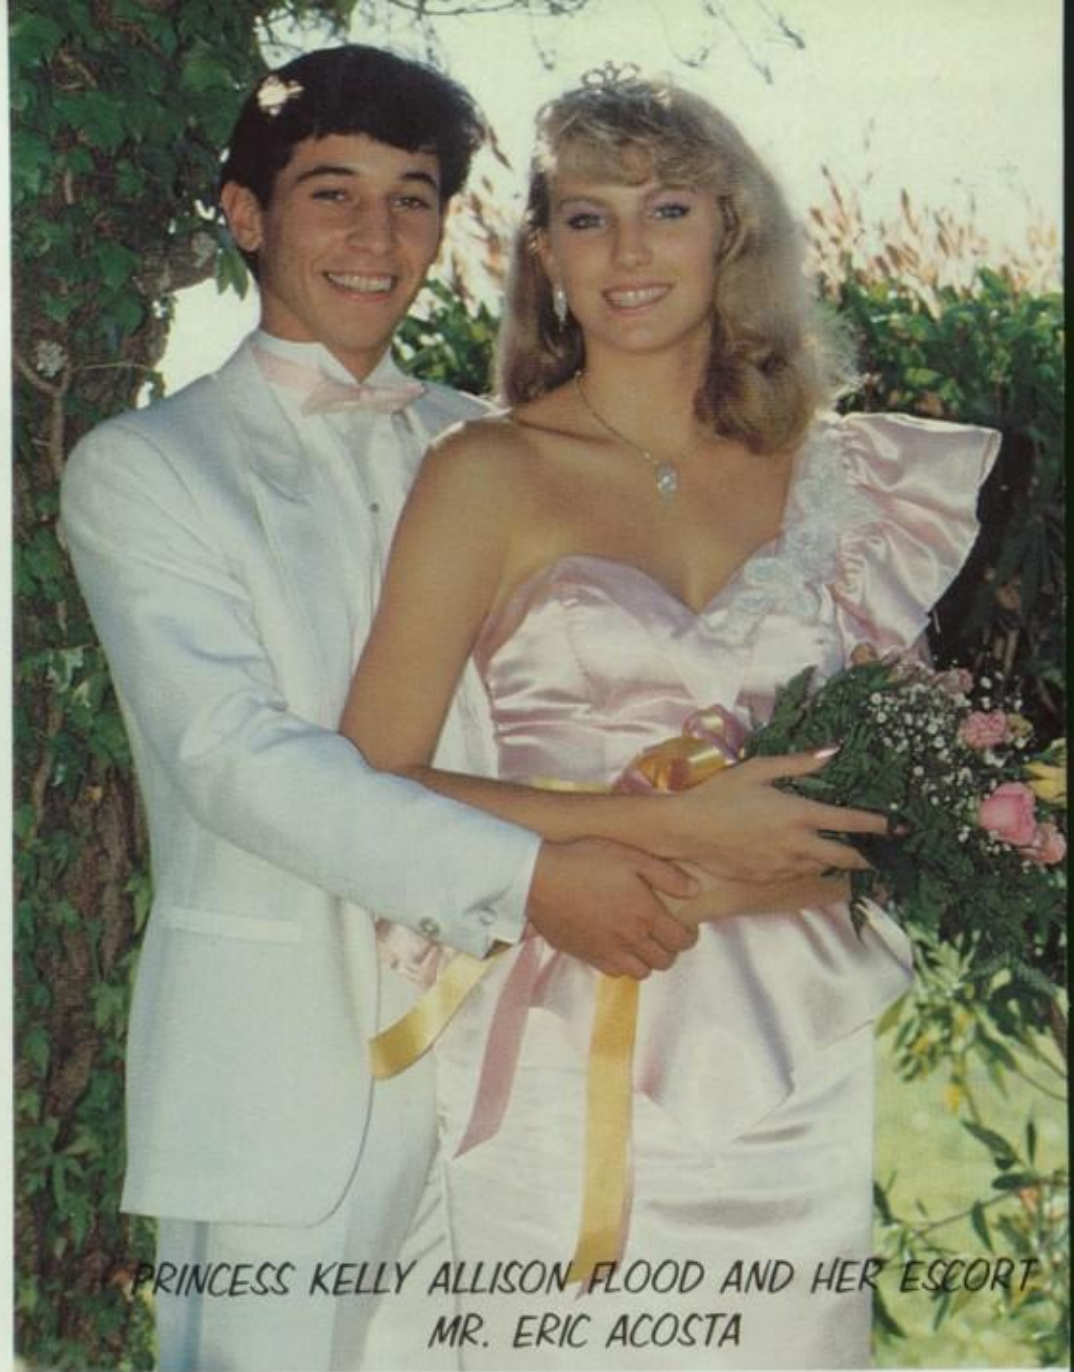

The Senior Class of 1987 showed that they knew the true meaning of Homecoming this year. It has been said that "It doesn't matter whether you win or lose- it's how good you looked" - and they looked good! Their poster showed the talent of three years' experience to put them in the first place spot. The Tug-of-War team dominated that event as it has in the past. The Seniors set the pace for future Homecomings and proved that winning isn't everything! A great big "GOOD JOB" to the senior class for their outstanding attitude and sportsmanship!

Homecoming 1986 was a week that will be looked back at with good memories by members of all classes. The true spirit of Homecoming was rediscovered and everyone came out a winner! The theme was "The Age of Aquarium - A Nautical Adventure." The Cougar creativity came out and many talented individuals had the chance to get involved. Homecoming 1986 was a group effort that we can all be proud of!!

YEARBOOK STAFF

Yearbook Staff

Working on the yearbook this year was not only a large responsibility and a lot of hard work, but a genuine opportunity to do something great for the school. The main goal this year, like every year, is to put forth one of the best yearbooks ever. High School yearbooks are things that are cherished forever, and because of this, creating a memorable one is essential. Looking back at this yearbook in ten years will not only remind us of our best friends, but the good times we encountered in high school.

FFA is only for the committed and strong. Many activities surround the FFA activity schedule. This includes a dance, a trip to Angel Island, a ranch style breakfast, and the famous donkey basketball. The members are entered in regional and state competitions annually. FFA's goal is to prepare their participants for real life and the challenges given within it.

DONKEY BASKETBALL

Donkey Basketball 1987 was another great success for our chapter of Future Farmers of America. Once again we had an overwhelming turnout from the school and community and once again both games ended in a tie. With the FFA boys versus our BRAVE staff, there was plenty of action. The girls slowed down the pace with a minimal amount of violence between the FFA Girls and Student Council Girls. Donkey Basketball is one tradition that keeps getting better as we go. Mr. Centoni and Mr. Mordecai did nan excellent job organizing the event, as usual!! Way to go, FFA!!

HOMECOMING CHAIRMEN/STEERING COMMITTEE

This years homecoming chairmen, Alex Whipp and Julie Hail, did a wonderful job of organizing Homecoming. Their work and dedication produced outstanding results.

The members of the Homecoming Steering Committee are: Senior-Laura Gill, Junior- Jenny Hampton, Sophomore- Jeff Bissell, Freshman- Corrie Kazarian.

The Homecoming Steering Committee did a great job this year organizing the Homecoming events. They provided the week with new and exciting events including the slip-and-slide across the football field! Although the organization was hard, the fun made it all worth it.

HOMECOMING CLASS COMMITTEES

The members of the Class Committees are as follows: Seniors- Chris Beer, Sandi Botelho, Jen Carlson, Becky Agius, and Brad Castro, Juniors- Greg Hatfield, Kristina Lees, Kelly Hill, Mike Smith, Maihgan Kavanagh, Sophomores- Clay Fisher, Jennifer Rasamimanana, Randall Stone, Christy Chun, and Jennifer Conroy, Freshman- Julie Hampton, Jennifer Lees, Jenny Cass, Laura Benjamin, and Trippy Wilson.

This years Homecoming competitive spirit was high. The class committees were responsible for getting the best effort from each of their classes without any negative feelings; and this they accomplished quite well. The spirits remained high and Homecoming was a big success.

ASSOCIATED STUDENT COUNCIL OFFICERS

PRESIDENT · Niki Jones, VICE PRESIDENT · Anna Rascon, SECRETARY · Kelly Flood, TREASURER · Madelene Mukhar, CORRESPONDING SECRETARY · Shirley Chen.

The Associated Student Council of Half Moon Bay High School is the most important organization of the school. Not only does it provide the school with the existence of most of the activities, but it provides the members with excellent learning experiences and teaches them many educational values.

The council is responsible for providing the school with athletics, the assemblies, Homecoming, and many other activities. The funds used for these activities are earned entirely by the A.S.C. members. This year A.S.C. accomplished many things including some great fundraisers. Unfortunately, all the hard earned money went straight into paying last years debts; therefore our actual profits were minimal. By the end of the year their hard work and commitment paid off and everyone was left feeling good. It is important to remember that the school government is the voice of the students, they are the ones that can make a difference.

ASSOCIATED STUDENT COUNCIL COMMISSIONERS

Associated Student Council Commissioners: Jenny Hampton, Kelly Hill, Jen Carlson, Liz Judy, Laura Kenyon, Erik Kyser, Marta Grajeda, Shelley Wolf, Michelle Ross, Mike Smith, Dan Filippi, Matt Romersa, Erin Donovan, Amy Valencich, Jamie Bradfield, and David Crump.

WHAT WAS YOUR MOST EMBARRASSING MOMENT?

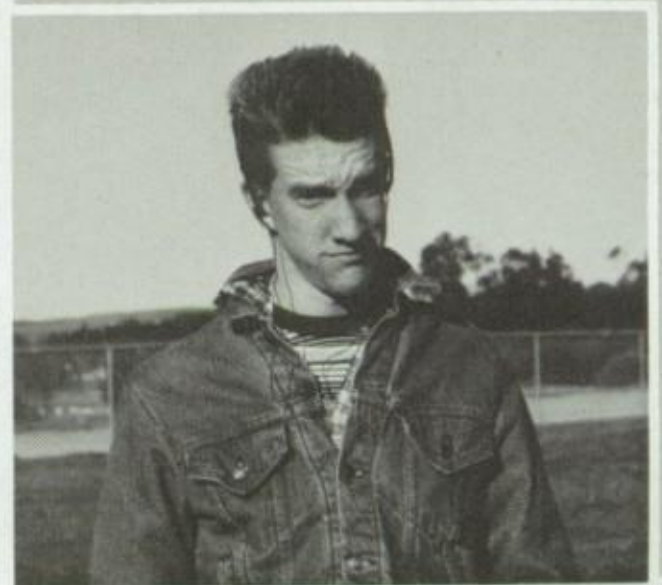

ERIN DONOVAN, Senior

"When I was a sophomore, I went to get my yearbook off of Mr. McNevin's desk and there were birth control pills on it."

CORD TRAMMELL, Junior

"It was my first track meet. There were about four different schools invited. The finish line to the 100 meter dash was in front of the grandstand, which, of course, was filled with spectators. I can remember leaning for the finish line. With all the excitement I guess I leaned too far and slid about four feet before stopping. I looked around and everybody was watching me. I couldn't feel any pain because of the embarrassment."

ERIK KYSER, Senior
"My entire life."

MIKE SMITH, Junior
"I was thrown out of the locker room into the gym naked."

CINDY STEVENSON, Freshman
"I was walking in the quad and I went to take my sweatshirt off and my whole shirt came off."

MIKE BROCK, Junior
"I was passing out papers in class with my zipper down."

PETER HILL, Senior
"I don't get embarrassed."

GIRLS STATE/BOYS STATE

Last year seven Juniors had the opportunity to represent our school in Sacramento. They were chosen by the faculty for their outstanding leadership abilities. Once selected it gave them the opportunity to meet student leaders from many other schools. These excellent students had the chance to participate in a mock government which helped the students become better leaders.

The Varsity team this year is expected to do well. After last year's JV team won the league with an undefeated record. The sophomores who played a major role on that team have returned as juniors. They help a great many strong seniors who are eager for a good team after last year's disappointing season. The team is strong in both defense and offense with experience and talent to back up Cougar pride. The team has had an encouraging first half of their season with wins against Lowell, Jefferson, Westmoor and Washington. Their only loss to date was to South San Francisco. The team, however, is filled with what it takes to be winners and with coaches like Don Diaz, Jack Coolidge, John Shaw, and Gary Dilley how can they lose? Cougar Pride is on the rise!

FROSH SOPH FOOTBALL

The Junior Varsity team is a team of great competitors waiting for the chance to win the league. They are young but they are learning quickly. Some of them are use to winning since the sophomores who were on the team last year as freshmen experienced a league title. The incoming freshmen this year are full of spirit and are applying it to football. They are already showing greatness in being undefeated this far into the season. We hope the best for them. Their coaching is done by Gary Dilley and Neil McNevin.

The Girls Volleyball team this year was a joyous group of young women who knew how to have fun while playing. Although they placed third in the league they enjoyed every match and game whether they won or lost. They achieved this through a sense of teamwork and companionship. They were a close knit group of friends. Their captain was Madelene Mukhar who kept the team spirit going. The most valuable player was Chris Diehl who, with incredible power and skill, pulled the team out of tough situations. A great server was Amber Urdahl. The rest of the girls were part of a team that knew how to work together.

The Cross Country team has dominated the NPL for over a decade. This year was no exception. The runners from Cougar Hill captured the NPL championship in every division.

The Cross Country teams are the Mens Varsity, Womens Varsity, Frosh-Soph, Junior Varsity and Freshmen. All of these teams have undefeated records in league competition. A clean sweep in all divisions.

The Mens Varsity was a mix of two seniors and five juniors. They were led by Fernando Villegas who placed fifth in the section and 8th in N. California. Scott Hamilton and Paul Fortune consistently placed second and third for the team. The rest of the team placed close behind them.

The Womens Varsity was the most successful of the five teams. Of the seven women one was a senior, two were juniors and four were freshmen! The leader of the team was Jenny Hampton, a junior. She placed first in the league and was closely followed by the freshman wonder, Kim Vandersyde. Amy Clemens, a senior, usually placed third on the team.

The Frosh-Soph boys were incredible this year. Along with winning NPL they were undefeated in most invitational. They even beat the great Bellarmine. They were led by Danny Rhodes, Jesse Whiting and Martin Smith.

VARSITY CROSS COUNTRY

ARTICHOKE-INVITATIONAL

The Artichoke was held on October 4th. of last year. The race is well known as the largest high school invitational in Northern California. The number of participants has steadily increased since it began over a decade ago. The Artichoke is still one of the most competitive and exciting races held. Over sixty schools, both large and small, competed last year. About 1200 runners ran the newly trimmed "Prepare to Die" Hill that Saturday. They came to understand the warning at the bottom ... a skull and cross-bones.

With appreciation to Coach Dick Calvin for all his hard work and devotion to cross country, and to Lita Calvin for her terrific photography.

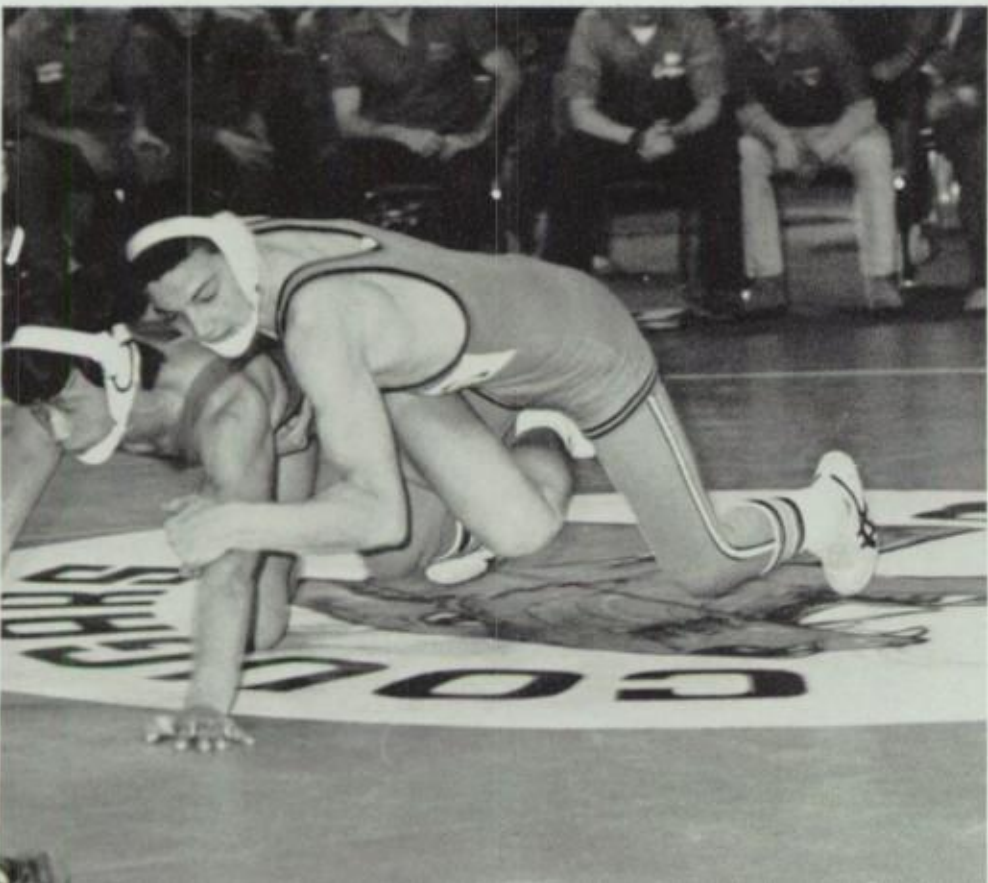

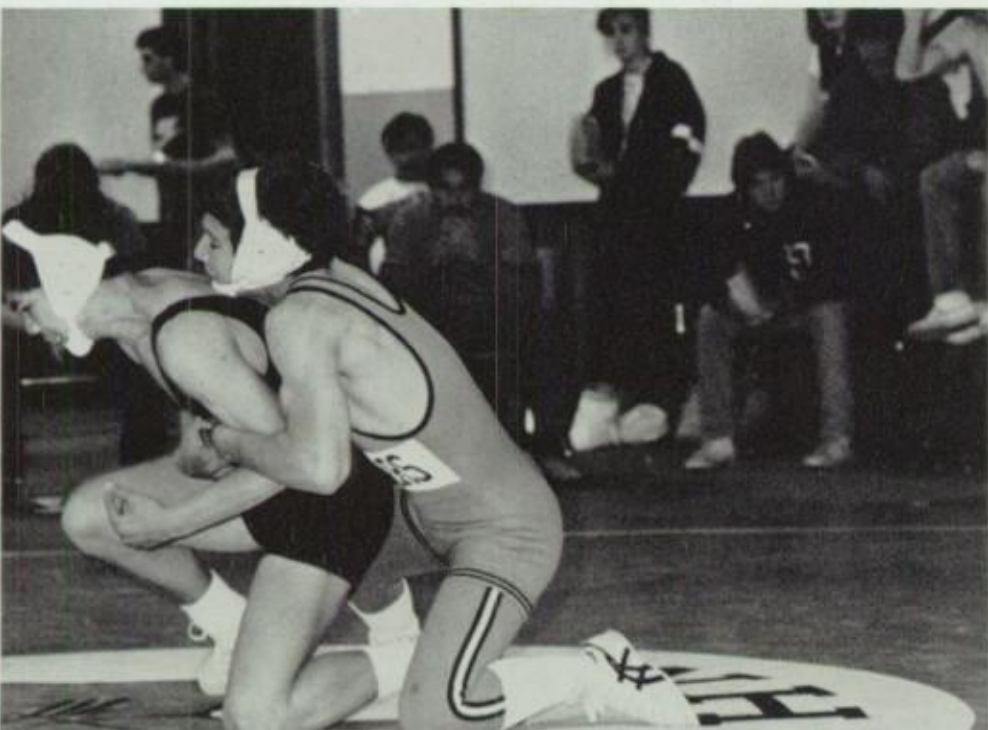

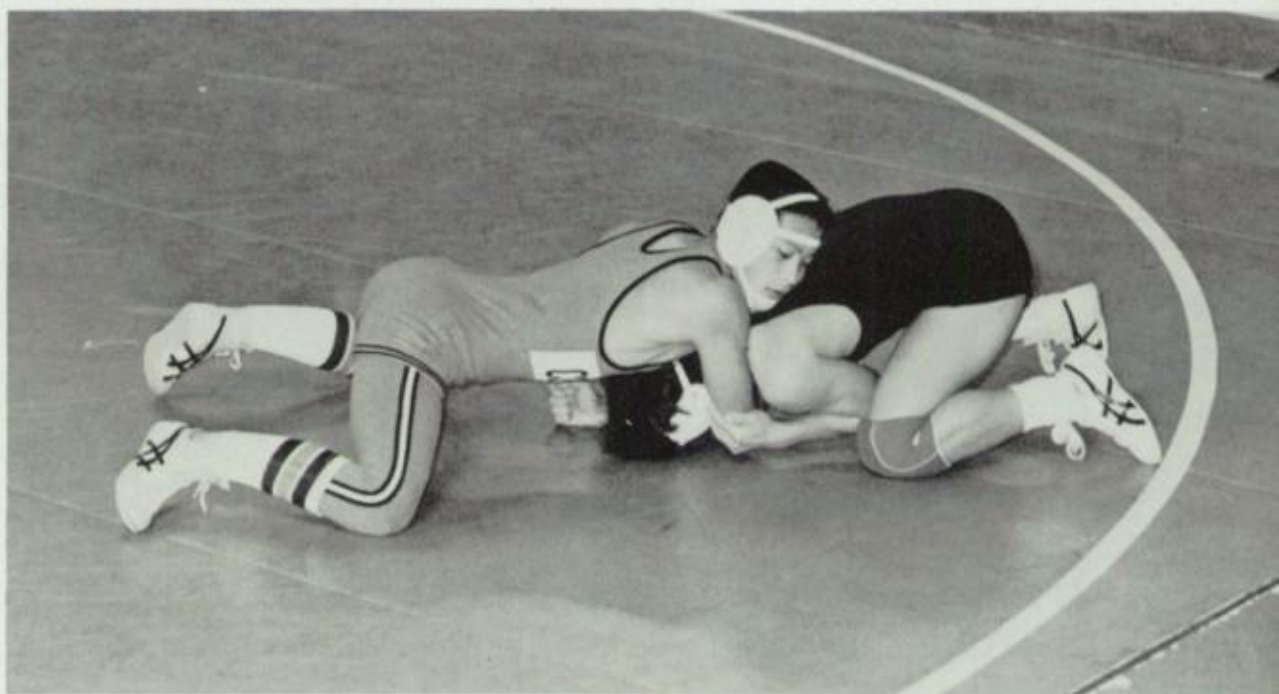

This years Varsity Wrestling team was a big hit on Cougar Hill. The hard work, enthusiasm, and their own talent, showed in their overall record. With the new head coach, Mr. Clint Walters, the wrestlers went to each of their matches with high hopes of victory, which soon turned to reality.

The 1986-87 Junior Varsity Wrestling team had two new members this season that were a first in the history of wrestling on Cougar Hill

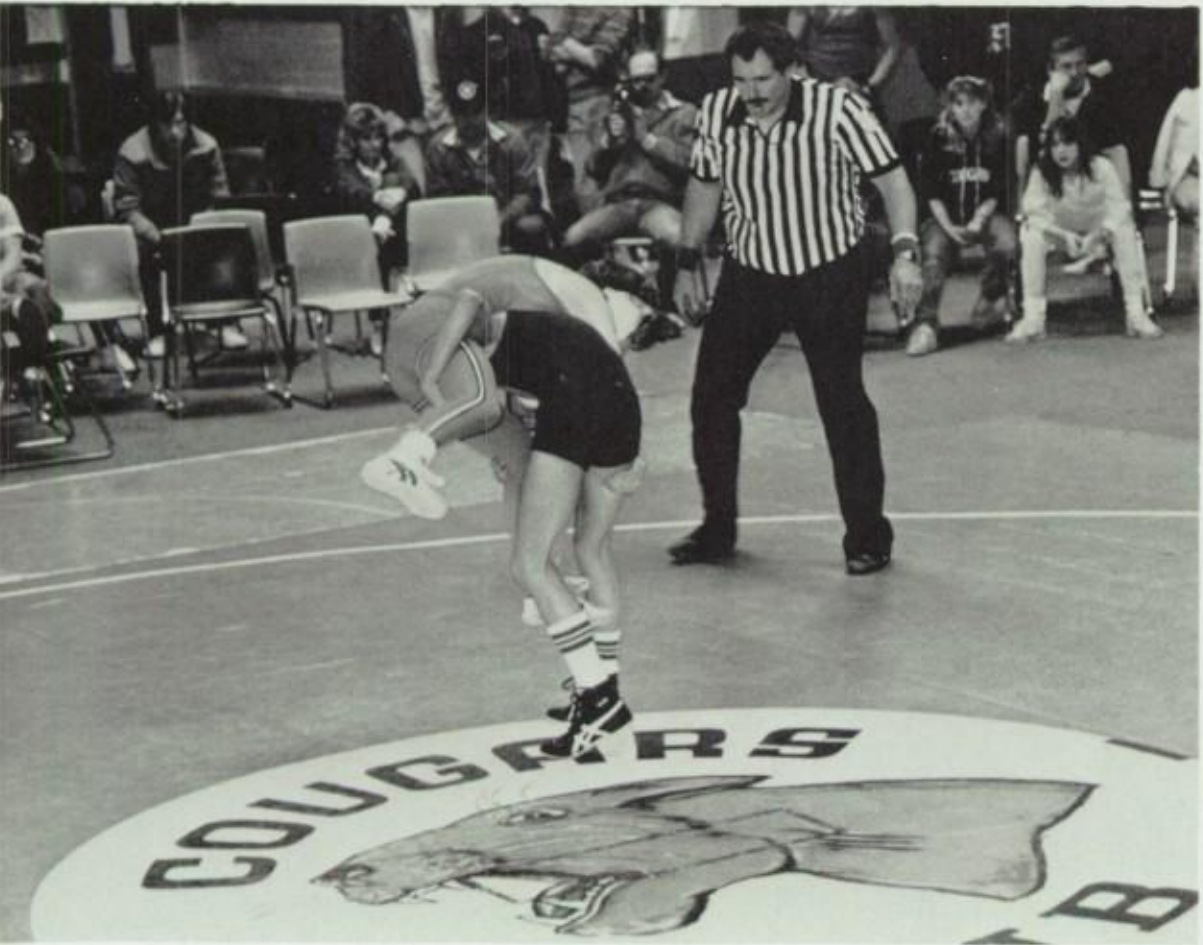

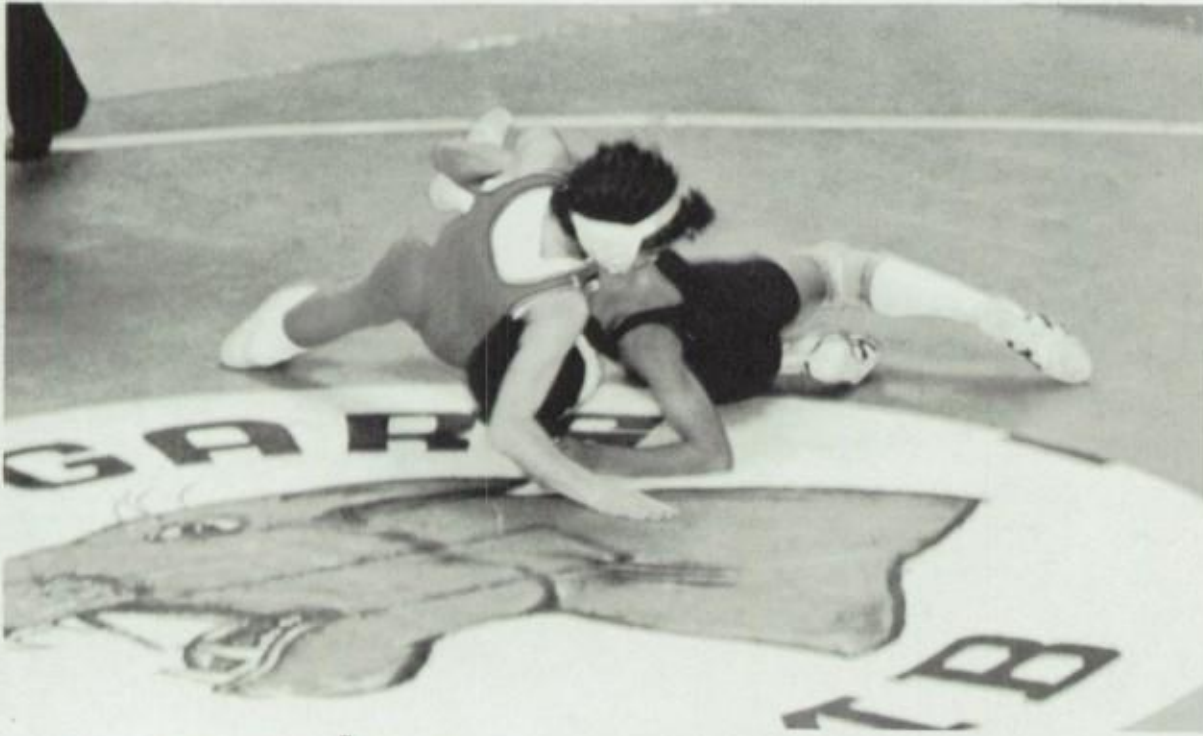

The two young ladies were Junior Wendi Bello and Freshman, Deana Barbardo. These members along with the rest of the team contributed to a very impressive overall record.

VARSITY BASKETBALL

This years 1896-1987 boys varsity basketball team was an enthusiastic one, considering the size of it. Under the guidance of the new head coach, the team started the season with high hopes and expectations. Unfortunately, the teams record didn't reflect the talent they possessed. The driving force behind the team was the M.V.P., Torrey Leth, along with the high level of cougar spirit.

Robert Weger, Peter Overfelt, Eric Giusti, Kenny Belmonte, Peter Hill, Tory Traverso, Rob McArthur, Charlie Button, Fritz Ludemann, Torrey Leth, Christian Von Stentzsch

The Frosh-Soph team this year had many eager and willing members. The Frosh-Soph team also had a new team coach too, who helped form the future basketball stars of the future at Half Moon Bay High School. We will be seeing more of these young men in the future.

The leading scorer is also the Most Valuable Player, Craig Henretty. Bill Grantham and Enrique Lopez have both had a steady but strong season as defensive players. Fourth year player Jim Young has consistently pulled the team ahead, this year as right wing. Left wing and third year player Chad Crittenden brought out his best the second half of the season while exchange student Oyvind Kiland contributed superbly as left fullback.

Outstanding Juniors include Mike Smith (goalkeeper), Geronimo Jimenez (center forward) and Chad LeTourneau (middle fielder).

Mr. Mintegui is proud of his players and feels very fortunate for all their success.
